HARRY POTTER
WHO WILL DIE NEXT?

PIRATES OF THE

Basic Instinct 2
Unrated Extended Cut
Sharon Stone,
David Morrissey
116 mins., 2006

Trashy novelist Catherine Tramell again flashes her wicked ways in this box office dud. **EXTRAS** Like Tramell, producer Joel Michaels might need some limits: "Basic Instinct 3?" he says. "Perhaps..." Nine deleted scenes are mostly forgettable ("Michael Arrives at Clinic," for instance), though Stone does show up drenched from a rainstorm in one and talks about a teenage lesbian experience in another. But despite the sexual-innuendo-riddled conversation, those seeking more actual skin in this "unrated" version will be left unsatisfied. **C** —Çemile Kavountzis
